

Shoot Attendance 2008

The following shoot attendance figures and Competition Factors will be used in selecting the 2009 ATA All-American teams (based on 2008 target-year accomplishments).

Grand American Week events ("Championships" in the table below) have a fixed Competition Factor of 10; Grand American Preliminary Week events ("Preliminary" in the table below) have a fixed Competition Factor of 8; Satellite Grand Americans and ATA Zone Shoots have a Competition Factor of 4 (or above, if attendance warrants it).

For all other shoots, the Competition Factor is determined entirely by entry figures in the three championship events, as shown.

All "Other Major Tournaments" which met the qualifications to be All-American Points-earning shoots in the 2007 ATA target year will automatically be All-American Qualifying Shoots in 2008 as well; however, each shoot's Competition Factor will be determined by its 2008 attendance.

Grand American

	COMP. FACTOR
Championship-Week events—Aug. 11-16, 2008	10
Preliminary-Week events—Aug. 6-10, 2008	8

* The Saturday singles event has been designated as the Singles Championship for this tournament.

** All "Other Major Tournaments" which met the qualifications to be All-American Points-earning shoots in the 2007 target year will automatically be All-American Qualifying Shoots in 2008 as well; however, each shoot's Competition Factor will be determined by its 2008 attendance.

All-American team selections are substantially guided by the following policy: If a qualifying All-American Points tournament is scheduled to start near the end of the current target year and scheduled to end in the succeeding target year (i.e., spanning the target years) and is canceled for whatever reason subsequent to the tournament start, any qualifying points earned will count toward the ensuing target year for All-American team purposes. (Nevertheless, the targets will be recorded and registered in the expiring target year, in keeping with Rule II, B. [Page 9] of the ATA Rule Book.)
